

Time with Dad a Big Hit!

Students bring Dad to school for a morning

Last Monday we had hundreds of fathers join us for "Time with Dad." Students enjoyed a walk to school and some morning refreshments with

their fathers. We think it was our best turnout ever! We are lucky to have such great families here at Hill Field Elementary! Thank you to the PTA volunteers who arrived so early to facilitate such a fun and important event.

4th Grade Learns to Care for Wild Areas
Two special visitors help create awareness

Last Wednesday the 4th grade classes had some special visitors that helped them to learn about caring for our wilderness areas. A speaker from the Bureau of Land Management came to teach the students about fire prevention in the out-of-doors in Utah. She brought along her friend, Smokey

the Bear, to visit the students as well. We each can do a lot to keep wilderness areas of Utah safe for all of the plants and animals that call it home.

Fire Prevention Week

Base firefighters teach students fire safety and essay winners visit base fire station

The firefighters from H.A.F.B. came a few weeks ago and taught all of the students about fire prevention. Students used a fire hose, met the Utah Blaze mascot, "Chief", toured a fire truck, and went into a "smoke house" to learn about how to keep safe in case of fire.

The base fire department also sponsored a coloring and essay contest for Fire Prevention Week. Many students entered and the following are the winners of both contests:
