THE NETWORK OF VARIETY

Select Network vs Broad Network

Select Network – Opticare has negotiated additional plan enhancements with Standard Optical such as materials and upgrades as well as increased frame allowances. With 20 locations to serve our members in Utah, they are the local market leader. Since they are only located in Utah, providers outside of the state of Utah will honor select network benefits. So if you need vision benefits while on vacation outside of Utah, our providers will honor the select network benefits. To learn more about Standard Optical visit www.standardoptical.net.

Broad Network – This is the largest portion of our network that includes virtually every Optometrist and the best regional and national chains like Visionworks, America's Best, Eyeglass World, ShopKo Optical and more. Although co-pays and allowances are slightly better in the select network, the broad network benefits are the same or better than comparative plans. In direct comparison to competing vision plans like VSP or EyeMed, the Broad Network benefits are 5-15% better. Ask your rep for a competitive analysis.

Out-of-Network – Any licensed optician, optometrist or ophthalmologist that is not contracted with us is considered Out-of-Network. The benefit allowances listed in your plan description can be used at places such as Walmart and Costco, as well as online retailers such as 1-800-CONTACTS. Because all the providers in the Select and Broad Network have a contract with Opticare, benefits are received at the time of service. For Out-of-Network benefits, members are required to pay at the time of service and Opticare reimburses the member directly once a simple claim is filed. Opticare Out-of-Network benefits are a great way to insure you can save money no matter where you get your eye care services. Opticare's out of network amounts are largely regarded as the best in the industry and the final piece to the most comprehensive network in the country. Claims can be submitted on the website with a receipt or printed and mailed in to: Out of Network Claims 1901 Parkway Blvd. Salt Lake City, UT 84119.

Additionally, we are constantly adding quality providers to our network. If you have a particular provider you would like to see added to the network, send the information to providers@opticarevisionservices.com and we will send them information on joining our panel.

**A network of independent
optometry providers, the
nation's best chains and the
industry's richest out-of-
network allowances.**

Opticare providers pass stringent NCQA guidelines and are all full-service providers for hardware.

The Broad Network consists of 40,000+ providers in all 50 states. To look for providers in your area visit our website.

OUT-OF-NETWORK claims can be submitted with your receipt for quick payment
