LIA STUDENTS PREPARE FOR END OF YEAR ASSEMBLY

NORTHRIDGE HS TUTORED AT VAE VIEW ELEMENTARY

When we went to Vae View Elementary, I honestly felt that I had a very fun time. Just knowing that I was helping little kids who didn't know English, was very nice and it made me feel good. I was teaching kids in 3rd grade, and they were all very nice to each other and myself. I really liked tutoring them and I think I'm going to miss them when school is over. The students I tutored were 8-9 years old and they were quite mature for their age. I would read Spanish books with the kids who didn't know English and read English books with the kids who knew English. My favorite part of the whole experience was seeing improvement within them and having conversations with them too. I think the way this was planned out couldn't have been better, everything was very well coordinated, and the bus was on time all the time. Overall, I would recommend other people to join this class later on.- Miguel

Yo fui a ayudar a la escuela Elementary, fue una experiencia muy bonita personal mente. Poder ayudar a los niños fue algo q me ayudo mucho a poder mejorarme como persona , los niños a los que ayude fueron amables , interactivos , algunos de ellos solo hablaban español , una de Las cosas en Las que ayudaba a mis niños es a mejorar su lectura , tambien platicaba con ellos de su dia , o de algunas materias q no entendieran , mi parte favorite de la tutoria creo q fue poder interactuar con los niños , una de las cosas que quiza agregaria seria ir mas dias o poderles llevar algo util para que ellos usen.-Lisa

Yo estuve con mis compañeros de grupo ayudando a los niños de quinto y sexto grado, que hablaban español y necesitaban más apoyo con el idioma. Con mis compañeros de grupo nos dividíamos las materias para ayudar a los niños, y eso fue lo que me gustó ya que los niños recibían ayuda en lo que necesitaran, y si necesitaban hablar también estábamos ahí para apoyarlos ya que los entendemos mucho porque hemos pasado por lo mismo o parecido.-Danna

MILLCREEK JR TUTORED AT BOUNTIFUL ELEMENTARY

I have enjoyed tutoring this past year with getting to know the kids. Getting to see the progress in the kids grades, reading and more. Also creating friendships with my tutee's asking them how there day was? Although it felt like we only did it for a little amount of time. I felt like it helped in me grow some patience and getting out of my comfort zone with talking with new kids and adults. That is what I have enjoyed doing LIA and it has taught me a lot along the way. - Saane

This was a great experience, my favorite part about this experience was seeing how much they grew and evolved over the time we were there. Just seeing them get better at reading and understanding another language made me so proud and happy. - Ana

The first time I met my tutee, he was much more quiet and timid toward me. We both started to communicate with each other and he started talking more often. He isn't native to the English language, meaning that he needed some assistance with reading and writing. But honestly, he was doing pretty good for someone who doesn't understand English that much. My tutee is what you may call, enthusiastic, especially at recess. He would always play sports or games such as tag with his friends. Anyway, tutoring him was pretty fun, and I got experience out of it. - Ismael

OUR BUS DRIVERS
ARE AWESOME!

Davis HS loves our bus driver, Gaby! She is kind, helpful, punctual, and always gets us where we need to be on time! She even picks up after us (sorry, Gaby!). We hope we get her as our bus driver again next year!

**THANK YOU, MIKE, FOR A
GREAT YEAR!**

Mike is such a great bus driver. He was so considerate and would always make sure to give me a heads up on anything that might affect the tutoring schedule. He made it a point to acknowledge each student and greet them.

Mike was so nice to drive us to tutoring and always smiled and asked how we were.

I love how our bus driver would drive us to the places we needed to be without any complaints, even when he had to take a different route.
