PRECAUTIONARY STATEMENTS
Hazards to Humans & Domestic Animals

CAUTION: Harmful if swallowed, inhaled or absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash clothing before reuse.

First Aid

If Swallowed	<ul style="list-style-type: none"> • Call a poison control center or doctor immediately for treatment advice. • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by the poison control center or doctor. • Do not give anything by mouth to an unconscious person.
If Inhaled	<ul style="list-style-type: none"> • Move person to fresh air. • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. • Call a poison control center or doctor for further treatment advice.
If on Skin or Clothing	<ul style="list-style-type: none"> • Take off contaminated clothing. • Immediately rinse skin with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.
If in Eyes	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for treatment advice.
Have the product container or label with you when calling a poison control center or doctor or going for treatment. [You may also contact 1-888-740-8712 (the international poison center) for emergency treatment information.]	
Note to Physician: Propoxur is a reversible cholinesterase inhibitor. Atropine sulfate is antidotal and should be administered only if symptoms appear.	

{Note: The First Aid statements' grid format will be used if market label space permits; otherwise a paragraph format will be used.}

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ ENTIRE LABEL BEFORE USING.

**USE STRICTLY IN ACCORDANCE WITH LABEL PRECAUTIONARY STATEMENTS AND DIRECTIONS.
READ INSTRUCTIONS BEFORE PRESSING IN SEMI-PERFORATED HOLES**

Special metal container helps protect pets and children.

[[Child and Dog Graphic]] General Precautions and Restrictions

- Place bait [traps] in areas inaccessible to children and domestic animals.
- Do not contaminate feed, food products, food preparation surfaces, dishes, kitchen utensils or food containers.

Application Instructions

- Find indented sections on the sides of the can.
- Simply apply pressure with key until they open (see illustration).
- **Indoors:** Place bait [traps] where ants are numerous (under sinks, stoves, refrigerators and cabinets).
- **Outdoors:** Place bait [traps] near ant colonies and along trails.
- A reduction in activity should be noticeable within one week after bait [trap] placement.
- Ants enter bait [trap] and carry food back to nest.
